

The *Prayer Book Hymnal* provides the full beauty and richness of the liturgical year, with the propers for every Feast Day, including noted Office Hymns.

The *Prayer Book Hymnal* also provides a selection of devotional hymns, the best of the various hymnary traditions, for use in church, such as for opening and closing hymns.

The *Prayer Book Hymnal* is an excellent supplement to the Proposed 2024 Book of Common Prayer, completing what is necessary for the full liturgical life in the English Orthodox tradition, not only personally but also within the life of a parish church.
